7600 Series Commercial Decorator Switches

*The industry's most
complete line of
high-quality commercial
specification grade
Decorator switches.*

COOPER Wiring Devices

Cooper Wiring Devices' newly designed 7600 Series offers unprecedented options.

15 amp or 20 amp. Single pole, double pole, three-way or four-way. Pilot lighted and illuminated. Back and side wire termination. Eight color choices. Never before has the industry had so many options from a single source for durable, commercial

specification grade switches. With high quality, high performance, and an unprecedented range of options, Cooper Wiring Devices' 7600 Series is clearly the industry's best choice for commercial Decorator switches today.

Built to perform time after time.

When it comes to features and benefits, the 7600 Series cannot be beat. In addition to the industry's most complete product offering, the 7600 Series boasts more features for ease of installation, reliability and durability, and ongoing performance, than any other commercial switch line on the market. Go ahead and compare!

- **Welded construction** provides superior assembly security under heavy use.
- **Oversized termination screws** provide for larger grab area for wire termination.
- **Stippled line and ground contacts** insure solid contact during installation.
- **Ground screw clamp** provides secure wiring and reduces installation time.
- **Color-coded mounting straps** provide a quick visual amperage indicator for safe and reliable installations.
- **One-piece wrap-around mounting strap** assures ground integrity even in severe conditions.
- **Tri-combo screws** accept slotted-, Phillips-, and Robertson-head tools for installation flexibility.
- **Built-in wire stripper** provides fast stripping of #12 and #10 AWG wire without tools.
- **Tapered backwire openings** handle multiple wire sizes and types for applications up to #10 AWG solid or stranded wire.
- **Removable protective film** provides after-installation protection prior to applying wallplates.
- **Smooth face** for ease of cleaning.
- **Complete certifications** for cULus / Federal Specification compliances.
